FACULTY INFORMATION FOR QUAL 2 EXAM

Exam Logistics

1. The major advisor will act as ‘Chair’ of the two-person mini-committee.
2. Students will be given 3 hours to complete each exam; the Academic Affairs Office will administer the exam. Students will be given a laptop and pens/pencils. Each testing room will include an electronic keyboard, clock, CD player, and noise-cancelling headphones.
3. Typically, the exam is divided into morning and afternoon question sets; the Chair of Qual 2 determines which questions are assigned in the morning versus the afternoon. Students have approximately three-hours to answer each question set.

One week prior to the exam

1. The Chair of Qual 2 will assemble the questions and upload to UI Box or email the Exam Checklist to Sandy Horn. The checklist is available HERE. All exam-related material must be uploaded to Box and the checklist must be submitted no later than 3 business days prior to the written exam date.
2. Sandy Horn will create a secure exam folder on UI Box and provide the Chair with the link to access the student’s exam folder. The Chair will upload all questions to UI Box. Sound files should be given to Sandy Horn in CD format. Scores that can be easily printed on 8.5X11 may be uploaded to Box; other paper sizes should be printed and brought to Sandy Horn.
3. The Chair will receive an official Qual 2 Results form that must be submitted to Sandy Horn within one week of the faculty’s receipt of the student’s answers.

Reviewing answers to the written exams

1. Answers to Qual 2 will be made available one business day after the written exam takes place. Sandy Horn will provide a secure link (netid and password protected) to a UI Box folder (https://uofi.app.box.com/login) that contains the Qual 2 questions and answers.
2. Because the exam results must be reported within one week, the Qual 2 committee members shall review the student’s answers as soon as possible, and the Chair shall contact the Cognate member for his/her evaluation of the student’s responses.

Reporting Results to Academic Affairs

1. A grade of pass or not pass will be awarded for each part of the Qual 2 exam; the Qual 2 committee shall use the official results form provided by Academic Affairs. Results must be submitted to Sandy Horn within one week of receipt of the student’s written exams. If there is no oral exam (see 2, below) the Chair shall either: (a) print the results form and sign it, passing it (either scanned or in hard copy) to the Cognate faculty member, who shall sign and deliver it to the Academic Affairs office (either as a scan, or in hard copy); or (b) both the Chair and the Cognate faculty member shall confirm the result to Sandy Horn by email.
2. If a student's exam in either area is borderline for pass/not pass, the mini-committee may allow the student to elaborate on his/her answers in an oral interview with both faculty members, in order to decide on the grade. (The date and time or any such follow-up interview will be organized by the Chair of the mini-committee in consultation with Sandy Horn's office.) The oral interview, if required, should occur within a few days of the written exam so that the results are still reported to the Academic Affairs Office within one week (either using the results form or by email, as indicated in 1, above). For this reason faculty are encouraged to assess the written exams within a day or two of receipt.

3. If either part of the exam is determined to be a ‘not pass’ (either with or without the oral exam), the student will be required to take a second exam in that area. If the faculty member wishes the student to do further research-based work for this re-test, the written portion may be done under exam conditions, using an “open book” format, and (if required) additional writing time may be allowed at the mini-committee's discretion. (This mechanism eradicates some of the serious academic infractions that arose in the old prelim model, when ‘written work’ was allowed to remediate an exam that was deemed inadequate.)

4. The Academic Affairs Office will notify students of the Qual 2 results within one week of the faculty’s receipt of the written exams.
